

TUCKER UNDER SEVERE TESTS.

Army Colonel Subjected to Rigid Examination.

Wife's Charge of Dissipation Making Trouble.

Question of Life Salary Is at Stake.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Feb. 15.—(Exclusive Dispatch.) Whether Colonel William F. Tucker, Assistant Paymaster-General of the Army, has become incapacitated for service and whether that incapacitation, if existing, has been caused by his army services or by dissipation, will be decided Tuesday or Wednesday by the retiring board of the army, which convened today in the Federal building.

Col. Tucker, looking thin, ill and careworn, underwent a physical examination made by the medical members of the board today. He was subjected to a rigorous examination at the hands of the medical experts.

Five other officers are to have their cases decided by the board and today underwent the medical test. Possibly tomorrow but probably not until Wednesday, the board will call the Tucker case, receive the report of the medical men and then proceed to hear evidence on the question as to whether Colonel Tucker should be "retired" or "wholly retired," if retired at all.

Mrs. May Logan Tucker, his wife, and Mrs. John Logan, his mother-in-law will take the stand to testify that Col. Tucker should be wholly retired, inasmuch as his present poor physical condition, they say, has been brought about by dissipation in the Philippines and elsewhere.

Col. Tucker, on the contrary, will seek to show that his ill health is due to long and arduous service in the army, and that therefore he should only be retired.

If it is decided that the colonel should be wholly retired he will get an annual year's pay at his full salary of \$10,000 and nothing more. If he is merely retired he will draw for life three-quarters of his regular salary. The evidence which will be heard by the board in secret sessions has been decided today to exclude the public. In accordance with the custom of retiring boards, it is proposed to deal with exceedingly pay doing in army circles in the Philippines and at points in this country.

DOLLAR A BUNCH FOR ASPARAGUS.

CALIFORNIA PRODUCT IS ARISTOCRAT OF CHICAGO MARKET.

No Commodity is Distinguished by Quite So Exclusive a Demand as the Little Green Tip—Luxury for Epurates Made Possible by Imperial Valley Reclamation.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Feb. 15.—(Exclusive Dispatch.) The aristocrat par excellence among all the vegetable luxuries of the year is just now making its first appearance for 1930 on the Chicago market.

The South West-street merchant seems to have no hesitation in conceding to early California asparagus the royal title. No commodity which he displays, he says, is distinguished by quite so exclusive a demand as the little green tip which are opening their season here.

The arrivals of the tips thus far have been rare enough to justify almost any title of nobility in the vegetable kingdom. Last week one of the largest handlers of California products along the street received only seven boxes. Today he received two more.

The production of the luxury thus early in the year is an industry which is still in its infancy, and has been made possible only by the reclamation of an immense tract in the Imperial Valley of Southern California, which had hitherto been an arid desert.

The demand for the early growth has been great, even at the high price necessary, and the industry has proved so profitable that the raising of February asparagus is increasing very rapidly.

The price at present is \$12 a crate of twelve bunches. These bunches are larger than the ordinary ones, but even at that, the price is \$1.50 a pound.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Feb. 15.—(Exclusive Dispatch.) Walter Hackett, joint author with F. Marion Crawford of "The White Sister," was today fined \$10 and costs by Municipal Judge Hume at the Harrison-street court for an alleged attempt to defraud the Stratford Hotel company out of a board bill of \$365. Edward F. Meyer, treasurer of the hotel company, was willing that the case be dismissed today, Hackett having settled the bill.

"We don't handle criminal matters in that manner," Judge Hume told Mr. Meyer. Meyer then told the court that Hackett gave him a draft for \$500 payable to himself and drawn on John Hackett, Walnut Creek, Cal. Efforts to cash this draft were unsuccessful, Meyer testified.

MIDNIGHT REPORT.1

AN FRANCISCO, Feb. 15.—Patrick
Houn's trial, which was postponed
last week, now entering upon its
seventh day, has produced no session
reaching in interest the grand
today, when the case was twelve
days in progress. The day's
effort was broken up by the
absence of one juror, and when
the jury, reverting to the case
of the stand, declared he had
a live over which no living man

SMALLPOX IN COLLEGE.

Missouri Institution Quarantined and Escaped Students Shut Up at Home.

LIBERTY (Mo.) Feb. 15.—[Exclusive Dispatch.] Smallpox is still raging at William Jewell College, and your correspondent is the only vaccinated newspaper man in Liberty and the only correspondent, who is right at the seat of war, or to be more exact, right in the pest-house. Twenty students who have escaped and gone home are having a little quarantine of their own at the instigation of the local college officials, who notified the police in the towns where these fellows live to keep them confined.

The detective bureau got busy today, and landed the fellow who brought the malady back here after the holidays. He is Sanford E. Tilton, Allendale, Mo., who came to college January 6, and showed symptoms on January 17. Basketball was canceled today, and the warm exercise was the antiseptic bath. This is to be a daily feature until the official fumigation which is to be inaugurated next Thursday.

Later's acceptance as a juror, but admitted he told him he was a "sucker" for getting on the panel.

It developed, through the subsequent examination, that the agents of the prosecution had closely observed the movements of Juror Rock and his brother, and that the latter, who was a witness, was closely questioned as to numerous visits to his brother's house.

Mr. Leake, when summoned as a witness, advanced to the stand with the statement that his name was William S. Leake, and that he had never had conversation with Juror Rock.

He admitted in reply to Mr. Heney's questions that he had frequently met Juror Rock, and that the latter had called upon him no later than today.

"I am trying to be interested in Mr. Rock's business," said the witness in reply to one of the questions, "and I shall be if it appears advantageous to me. I go where I please and when I please. I am not going to put myself on record as to this time or date. I know there are a lot of gumshoe artists around, but I don't know whether they followed Mr. Rock up to the Fairmont or not."

Another time he said: "I talk to whom I please, and I don't know who you shall question me about this. I do know one or two things. I know a cousin of yours, who used to be assistant City Treasurer under Widener. Do you remember that?"

"I'm wholly immaterial to me whom you know, and I don't know who you are trying to do to examine you."

"Well, you'll examine me right or you'll not examine me at all," said Leake.

"Mr. Heney, let me know what you're driving at and I'll try to answer you."

It was at another point in the examination that Heney asked: "Are you a stockholder in the United Railroads?"

"I'm sorry to say I am," was the reply. "I bought in at 70 and now it's about 50. I don't know of the stock of Mr. Calhoun, and I don't know him or any of the other officials of the company."

"Have you not taken an interest in the selection of the jurors for the graft trials?" asked Mr. Heney.

"No more than any other citizen," replied Mr. Leake. "You remember I told you in the first trial that you made a good talk, but that you were in wrong, and you told me to be careful or you would get me."

"I told you not to be fooling around jurors," corrected Heney, "and I told you I would get you if you did."

"And I told you if you did, you would never prosecute me," was the next rejoinder.

WITH SLASH KILLS WIFE.

Negro Cuts Woman's Throat and Escapes.

Police Hunt Murderer, But Lose His Trail.

Mother-in-Law Describes His Bloody Deed.

Thomas Maston, a negro, living at No. 438 Bryan street, murdered his wife early yesterday morning, by slashing her throat with a razor. Scarcely clad, he escaped and made for the open country, where he has since been hiding.

Late yesterday afternoon, a man answering his description was seen in the vicinity of Hollywood and officers are keeping a close watch in that neighborhood, hoping that hunger and cold will drive the man into the city for shelter.

The killing occurred in the small shack that served as a home for Maston, his wife, Mrs. Annie Maston, and her mother, Mrs. Sallie Haywood.

The woman was a hard worker and saved every cent she could in order to pay for the lot and the shack in which they lived. She took washing or worked out by the day in order to meet these payments. Maston on the other hand was shiftless.

The mother of the murdered woman stated yesterday that quarrels were frequent between man and wife because Maston wanted her to give up her earnings in order that he might get out and have a good time. Several of these arguments, she said, carried on lately and early yesterday morning, when Mrs. Maston began to dress, a recent quarrel was renewed. Mrs. Haywood told the police yesterday that just as she opened the door she saw Maston with a razor in his hand, and that he rushed at her, throwing the razor from him and made his escape.

Negroes of the neighborhood quickly organized a man hunt. When the police arrived they followed Maston for some distance, but finally lost the trail.

The negro is 30 years of age, 5 feet 10 inches tall, weighs 150 pounds and has a dirty yellow complexion. An inquest will be held tomorrow at the Porter, Roberts & Co. morgue.

ROBBERS-CLEAN UP TOWN. VISIT MANY PLACES. (ASSOCIATED PRESS DAY REPORT.) OAKLAND, Feb. 15.—Yegmen visited Niles early this morning, robbing the drug store of M. B. Sneden, on First street, of jewelry and stock valued at \$300. They next visited the postoffice a block away and made an attempt to blow the safe. In so doing they were blundered and the noise of the explosion aroused the town. Before this the robbers had made their escape with a stolen hand car on the Southern Pacific railroad.

THIEF MADE BIG HAUL. Grabbed Satchel at Bank Which Contained \$3800 and Made Escape. (ASSOCIATED PRESS DAY REPORT.) MILWAUKEE, Feb. 15.—Grabbing a hand satchel containing \$3800, belonging to a department store, a daring thief today made his way out of the First National Bank with the loot and escaped detection. The robbery was committed while the attendant, a messenger boy of the department store was diverted for a minute. Discovery of the loss caused a general alarm in the bank. A hurried examination was made of the corridors, but the thief had vanished.

ENGINEER ATTEMPTS LIFE. OVERWORK THE CAUSE. (ASSOCIATED PRESS DAY REPORT.) SAN FRANCISCO, Feb. 15.—George Bowers, chief engineer of the Western Engineering and Construction Company, attempted suicide today by sending a bullet into his brain. The act was committed on the tenth floor of the Monadnock building while several were standing about. The bullet entered the frontal lobe of the brain and probably will prove fatal. Bowers is an Englishman who has been intrusted with the entire engineering work which the company has undertaken. It is believed that overwork and worry caused him to attempt to take his own life.

CRIME BRIEFS. Locked Door, Shot Himself. TACOMA (Wash.) Feb. 15.—Carl Eggert, a German shoemaker, 35 years old, recently arrived here from Oakland, Wis., committed suicide in a Pacific-avenue hotel about 11 o'clock last night. Eggert had remained in his room all day and refused to open the door to be opened. While a policeman stood on a step ladder outside, looking through the transom, and three others stood near, Eggert shot himself through the temple.

MORE MONEY FOR NAVY. Senator Newlands Asks for Twelve Millions to Build Auxiliary Ships. (ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, Feb. 15.—An appropriation of \$12,000,000 is asked for the construction of auxiliary ships, such as transports, dispatch boats, cruisers and scouts, that may be necessary in time of war, in an amendment to the naval bill offered today by Senator Newlands.

THIRTY LOST AT SEA. Sailing Vessel Rams Belgian Steamer and Both Founder in Mediterranean. (ASSOCIATED PRESS NIGHT REPORT.) ALGIERS, Feb. 15.—An unknown sailing vessel rammed the Belgian steamer Australia during a storm February 14, near Alboran Island, in the Mediterranean, 190 miles from Gibraltar. Both vessels foundered. The total loss of life was thirty.

FOURTEEN MEN FROM THE SAILING VESSEL AND SIXTEEN FROM THE AUSTRALIA WERE LOST. The members of the crew of the latter, who had put off from the steamer in a small boat, were picked up by the German steamer Liberia and brought in here today.

ceived specific instructions where to report in the event of general mobilization. Extreme secrecy is being maintained regarding all these measures.

The troops in Bosnia are suffering great hardships as they are exposed to the severest weather and have scanty protection against the cold. The food also is reported bad. Nevertheless, the discipline and the spirits of the troops are excellent. Whenever volunteers are required for any arduous duties every man appears anxious to be chosen.

FIGHTING IS IMMINENT. YOUNG TURKS IN CONTROL. (BY DIRECT WIRE TO THE TIMES.) CONSTANTINOPLE (Turkey) Feb. 15.—[Exclusive Dispatch.] Peace now prevails in the new Turkish Cabinet. The reformers have complete control of the situation, although fighting may break out at any moment. The young Turks are sure of three battalions and all the warships.

The dismissal of Kiamil Pasha has created considerable political unrest and public feeling continues excited. By what is characterized as the despotism of the Young Turks. Up to this time, there have been no actual disturbances, but in some quarters of the city pistol shots were heard yesterday and there was almost a panic.

The Times correspondent witnessed the overthrow of Kiamil Pasha, Grand Vizier, at the hands of Parliament, and the scene reminded him of the first Russian drama the day before its dissolution. However, the Parliament here is more likely to overthrow the Sultan than to be dissolved by him.

The external situation is still threatening. The settling of the differences between Turkey and Austria by no means dispates the war clouds. The crux of the whole matter is that Austria's annexation of Bosnia and Herzegovina was not a wrong to Turkey and the Slavs. Thus the real quarrel is between the Germans and the Slavs.

ENGLAND FEARS TROUBLE. DOUBTS TURKISH STABILITY. (ASSOCIATED PRESS NIGHT REPORT.) LONDON, Feb. 15.—The dismissal of Kiamil Pasha has created a decidedly bad impression in England of the stability of the new Turkish regime. The Young Turks up to the present time have commanded the strongest support here. It is apparent that the constitutional government in trying to make believe that the country in reality is being managed as was France during the revolution by the Committee of Union and Progress.

Many members of the Parliament are described as voting against Kiamil Pasha at the command of the committee and contrary to their own judgment. The real cause of the Grand Vizier's downfall are not yet understood here. It is an interesting coincidence that yesterday's vote of dismissal was followed by exactly one month the chamber's unanimous vote of confidence in Kiamil Pasha.

A dispatch to the Chronicle from Vienna, states that Austria-Hungary will shortly issue a \$10,000,000 loan at 4 per cent in order to prepare for any contingency with regard to Serbia. This fund will be applied to the replenishment of the war treasury.

STEAMSHIPS LOSING VENTURE. Boston Company Assigns Failure to Lack of Government Support and Liquidates. (ASSOCIATED PRESS NIGHT REPORT.) BOSTON, Feb. 15.—The impossibility of operating American-built steamships profitably, was advanced as the reason why the stockholders of the Boston Steamship Company, at a meeting today, voted to liquidate.

The company was formed by Boston capitalists, about eight years ago. Fred Wanders is president. Two steamships were built. It is said they have been operated at a loss in the Pacific.

State-Owned Orleans Railway Demurs at Demand for Special Car and Pittsburgh Magnate Buys a Special Train for \$1290 to See Wright Fly.

PARIS (France) Feb. 15.—[Exclusive Dispatch.] Officials of the State-owned Orleans Railway Company are still under a spell of amazement at the exploits of H. C. Frick of Pittsburgh, who has given them a lesson in accomplishing the impossible which they will not soon forget.

Mr. Frick in Paris determined to run down to Pau to see Wilbur Wright fly in his aeroplane. Mr. Frick wanted six seats in the train de luxe for his party. Unfortunately he found all the seats taken.

"Well, add another carriage," said the Pittsburgh man magnificently. "I'll pay for it."

Mr. Frick in Paris determined to run down to Pau to see Wilbur Wright fly in his aeroplane. Mr. Frick wanted six seats in the train de luxe for his party. Unfortunately he found all the seats taken.

THE FRICK PARTY ARRIVED AT PAU in time to see Wright in his role of a bird in the air, but not before the steel magnate had paid out \$1290 for a ride of 515 miles.

PRESIDENT'S FAREWELL. Mr. Roosevelt Says Good-by to Members of Little Church Where He Worshipped. (ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, Feb. 15.—In the little Grace Reformed Church, which he has attended ever since he has been in Washington, President Roosevelt tonight was given a farewell reception by the members of the congregation. After a few remarks, in which he spoke of the pleasure he had found in attending the services there, and referring to the fact that he had not been absent from a single communion service when he was in the city, the President shook hands with all present.

The little church was filled. President Roosevelt said among the treasures he prized was a mounted piece of the corner-stone of the church, presented him by the mason who shaped the stone. The service closed with the singing of the President's favorite hymn, "How Firm a Foundation."

A Movement on Foot.
LOS ANGELES, Feb. 15.—[To the Editor of The Times:] It is reported that a movement on foot to organize in some public way the inter-
plicity of Mr. Wesley Clark (and his minority) as the grand juror. Just what form this movement will take is not definitely determined; but there are certain obscure and unimportant questions of the law who think that should be taken cognizance of in the courts and be under the conduct of the District Attorney. These folk suggest that so novel a feature as the bringing in of grand jury minority statements is bound to establish a trouble-
some precedent. However, any grand juror who may desire to "clinch" an en-
emy, and there are recalcitrant jurors who will not concur with him, can at least fetch in a severe censure of his enemy, and even take a good rap at the "disobedient" juror. Others think that this is to "consider the matter too seriously." The present instance of a minority statement must be considered by itself. It is an important and successful man with an impeccable record in real estate transactions, who has been elected to "Grand Juror" by the commands to recapitulate his friend, Mr. Anderson, were ignored by the Mayor. Could it not be entirely justifiable, under such circumstances, to absolve Mr. Clark from adherence to his pro forma oath as a grand juror not to divulge the secret proceedings of the body? Surely fidelity to the City Club and the avowal of his friend who is a disbeliever in the "Grand Juror's" oath! The man must "make good" to his club and his friend. Under all the circumstances it would seem proper that the minority statement should be accepted in place of the regular and legal majority report. I have it upon very good authority that not only Mr. Clark, but a couple of editors, advised Mayor Harper immediately after his decision to reappoint Mr. Anderson, that they would have him recalled. He went on and appointed Gen. Chaffee, and now these gentlemen are feeling bound to make the Mayor experience the chastisement they promised him.

DR. BURDETTE TELLS THINGS ABOUT HER.

Great Audience in Y.W.C.A. Building Gets Introduced and Have Her Fables Pointed Out and Fascinations Accented—All Poets Are Lovers.

"The Best Girl Ever" was a fortunate girl last evening at the Young Women's Christian Association, for she was the subject of a Valentine. She was there in such large numbers that not a nook or a cranny, in or about the auditorium, could possibly accommodate another one of her, and she brought the "Best Girl Ever" with her to hear the price of gentle humorists.

She was there with fair hair and rosy cheeks, and she was looking like a rose of yesterday, yet never before had she seemed so tender and humorous a light; never before had she known how much of love and beauty and gentleness she alone brought to the "Best Girl Ever" in her little things, till Bob Burdette told her about it.

Here are a few of the things he told her:

"The Best Girl Ever" who was she? "What can tell at the first guess, you never will guess. She was—Rich standing head high amid the summer crowd? Rather, not daring to lift her drooping eyes to the unmoving aspen tree, her head bowed, and her people's safety? Helen of Troy, whose face 'launched a thousand ships,' and turned crowned kings to merchants? Portia, Shakespeare's perfect woman, whose 'severed lips were parted with sugar breath' whose hair played the spider with its golden mesh to entrap the hearts of men? Juliet, the child sweetheart in whose story eyes there lay no more than that of a girl who 'launched a thousand ships,' and turned crowned kings to merchants? Portia, Shakespeare's perfect woman, whose 'severed lips were parted with sugar breath' whose hair played the spider with its golden mesh to entrap the hearts of men? Juliet, the child sweetheart in whose story eyes there lay no more than that of a girl who 'launched a thousand ships,' and turned crowned kings to merchants? Horse and Buggy Gone.

When L. Shorten, commission broker, who, with his children, had stopped for a few minutes at Chutes Park yesterday afternoon, returned to the street, his horse and buggy which he had hitched outside, had disappeared. Search failed to reveal the animal. He reported the loss to the police, as he believes the horse and buggy were stolen.

Wednesday Morning.

The automobile ride planned by the Wednesday Morning Club for tomorrow has been postponed until April on account of the wet weather of the past few weeks. The programme for tomorrow afternoon includes the following features: "The Kanaka at Home," a lecture by Miss Lloyd Galpin, readings by Miss Danby, and music by Miss Anna Smith.

Inspecting Postoffice.

Inspectors are making a routine inspection of the Los Angeles main post office and the fifty-seven stations this week. All departments are looked over and the books are reported. It is understood that the local office stands in the front rank of offices in the country for excellence of system and accuracy of accounting. The work will take five or six days.

Death Ends His Visit.

Thomas B. Persell of Helena, Mont., died suddenly yesterday afternoon. He was 70 years of age, and was stricken with heart failure while near the postoffice. He expired while being taken to the home of his daughter-in-law, No. 211 South Hope street, where he had been visiting for the last week. The remains will be shipped to Montana for burial.

Thousand Candidates.

A. G. Stevenson, Supreme Chief Ranger Independent Order of Foresters, will initiate 1000 candidates at Blanchard's Hall this night. March 8, Stevenson is a prominent lawyer of Detroit, Mich., and is noted as an orator and politician. At the last meeting of the Companion of the Assembly, the women's auxiliary to the Foresters, arrangements were partially made for the reception of the distinguished official.

Bachelor Dinner Tonight.

The bachelor dinner in honor of United States Marshal Townsend's approaching marriage to Miss Margaret Smith will be held at Levy's at 7 o'clock tonight. The hall will be elaborately decorated and the band. The committee has spent anxious hours in evolving a menu that shall do justice to the occasion. M. H. Flint will be master of ceremonies, and several well-known after-dinner speakers will respond to appropriate toasts.

Chamber's Annual Meeting.

The annual meeting of the Chamber of Commerce will be held tomorrow afternoon at 4 o'clock. The reports of the secretary, treasurer and chairman of various committees will be read. The addresses of the retiring president and of the president-elect will be delivered at the banquet, the night of the 22d inst. There are still a few tickets left for the dinner. The number has been limited to 500 and none can be secured after this week Saturday.

Continues His Acquaintance.

Mortimer Fox made his third acquaintance with the police in two weeks. The officers first heard of him about ten days ago, his wife went to Central Station and reported her husband missing. The next morning Fox was found in jail charged with stealing a pair of trousers. When placed on trial he was released because of lack of evidence. Last night he was arrested by Officer McGraw at the request of the Federal authorities on the charge of stealing mail piled on top of a mail box.

Injured in Runaway Crash.

Thrown when his team collided with a telegraph pole, G. H. Lakin of No. 39 South Hathway street sustained painful injuries yesterday morning. Lakin drives for the Ben-Hur dairy. While on his route, a trace broke and the horse ran away, striking the pole at Eighth and San Pedro streets. He was taken to the Receiving Hospital in an automobile driven by Charles Wedemall, and removed to his home after treatment. He sustained numerous lacerations about the scalp and face.

Lutheran Reception.

The Men's League of the First English Lutheran Church will give a reception tonight in the church at Eighth and Flower streets, to the members of surrounding Lutheran churches. The guests will be from St. Mark's Church, this city, and from Pasadena and Long Beach churches, and all visiting and resident Lutherans are invited. The ladies of the church will assist and will serve refreshments, while there will be special music numbers and a full orchestra from the Sunday-school.

SOLAR PLEXUS. KNOCKOUT FOR PRIZE FIGHTS.

SAN BERNARDINO FLOORS THEM WITHOUT GLOVES.

Three Councilmen Give Themselves the Decision in One Round Because the Other Fellows Were Strong Enough. But Mayor May Reverse. Fontana Suit Uncompromised.

BY DIRECT WIRE TO THE TIMES.

SAN BERNARDINO, Feb. 11. (Exclusive Dispatch.) Councilmen Garner, Hageman and Irving, against the opposing votes of Councilmen Wixom, and Oweiger tonight passed the anti-prizefight ordinance, which, unless vetoed by Mayor Hanford, will go into effect in thirty days. Before the ordinance was adopted the Mayor served notice that he would veto it. The Council chamber was filled with a large delegation of ministers and church people to urge its passage. Owing to the local political situation it is not believed that the Mayor will exercise the right of veto.

AGAIN NO COMPROMISE.

For the second time within a week the suit of Henry G. Dent against the Fontana Development Company and others on trial before the Superior Court here, has failed of reaching a compromise, and this morning the trial was resumed, with practically no hope now that the case will be settled out of court. It is explained that there were but two interests involved which refused to consider a compromise. That the settlement had reached the victims who bought land contracts from the Fontana Development Company, O. J. Watkins's swindling corporation, would have been protected.

CHECKMATED.

H. Melenix, former section boss for the Santa Fe at Elwood, was bound over to the Superior Court this morning by Justice C. L. Thomas, at the close of his preliminary examination, charged with embezzling time checks and money from the Mexican laborers under him. The accused had fled to Encinitas, where he was located and brought back by the Sheriff's force.

EXPECTED BUT UNWELCOME.

Death came this morning to Mrs. John Anderson, wife of the late president of the Farmers' Exchange Bank, and for many years a prominent resident of this city. Mrs. Anderson had been sick for a long period, her death being expected.

Coronado Country Club Tennis Tournament, Feb. 17 to 22.

APPELLATE COURT FINDINGS.

Judgment of the lower court in the case of William E. Spaulding, retained by the Second District Court of Appeal yesterday. The defendant must now serve his sentence. In the case of E. P. Casey against J. N. Richards, the judgment for the plaintiff was affirmed. The plaintiff sued to secure a commission on a real estate deal. The Appellate Court denied the appeal of the Santa Fe Railroad Company, from a decision rendered in the Superior Court of Santa Barbara county. Suit was brought against the railroad by Teresa Waechter and the defendant vainly attempted to get change of venue.

ENTERTAINED CLASS OF '37.

H. C. Phillips of Pittsburgh was host to the members of the class of '37 of Dartmouth College, of which he also was a member, at the Hollenbeck Hotel on Saturday evening. The guests were D. Walter Whitaker of Concord, N. H.; Prof. G. W. Shaw of the University of California, Rev. W. P. Hardy of Redondo and Prof. F. P. Brackett of Pomona College.

BUCKING THE RECOIL.

Supreme Court of Antelope Valley Has

Staunch Defenders, Who Charge

Spite Work.

The recall is not flourishing in An-

telope Valley.

Recently a delegation of citizens

called upon the District Attorney and

asked advice as to the best method of

removing Justice O. S. Bulkeley from

office.

Yesterday another delegation called

upon Capt. Fredericks and defended

Bulkeley.

They stated that the movement

against him was begun through spite,

and that the justice has been the

choice of the valley, term after term,

for many years.

It is stated that Bulkeley is re-
garded among attorneys as one of the
best country justices in California; he
takes great pains to educate himself
in the law, and is just and logical.

Justice Bulkeley has been in a hos-
pital in Los Angeles undergoing a se-
vere operation; but is now better, and
will go back to the valley tomorrow
to confront those who are making an at-
tempt to recall him.

MAN NEAR DEATH CAN

NOT CLEAR MYSTERY.

Is Shot Down Close to His Home.

Wife Sees Flash of Powder and Is

Positive Suspect Is One of Two

Guilty Parties.

DENSE mystery surrounds the

shooting last evening of Frank

Righetti on Sunset boulevard,

near Elysian street. Police detectives

are puzzled whether the shots were

fired following a hold-up or whether

it was an attempt at cold-blooded

spite murder. There is little hope of

Righetti's recovery, and he cannot

clear the haze of doubt.

His residence before he was placed

under anesthetic on the operating ta-

ble at the Sisters' Hospital that two

men suddenly confronted him out of

the dark and ordered him to throw

up his hands, and while he was com-

plying and making no show of re-

sistance he was shot down. The affair

happened so quickly that he could

give no description of the men or re-

cognize them if they were acquaint-

ances.

The shooting occurred at the hour of

7 o'clock, an unusual time for the

operation of highwaymen. His assail-

ants had lain in wait behind two tele-

graph poles directly in front of his

home. Pierced by two bullets, he fell

to the sidewalk within thirty feet of

his residence. His young wife, who

was standing on the porch awaiting him

and saw the flash of the revolvers as

the three shots were fired.

Righetti fell at the first shot, with

a bullet in the abdomen on the left

side of the body. As he lay on the

sidewalk two more shots were fired

as his assailants deliberately stood

ing a man with a peculiar voice tele-

phoned the police station and asked if

the man who shot Righetti had been

apprehended. Six times the voice called

and each time hung up when an-

swered in the negative, before ques-

tions could be asked. The police believe

the voice on the telephone was that of

the other man. Owing to the darkness

none of the police saw the flashes of

the gun could tell whether one of the

men fired all the shots or whether

both used their pistols. The man in

the shooting than the point where he

was arrested.

LITTLE CHANCE TO RECOVER.

Dr. Albert W. Moore and Thomas

S. Myers, who operated on Righetti at

the Sisters' Hospital, where the wound-

ed man was taken after the shooting,

at midnight that they had little

hope that Righetti will recover. The

bullet which entered the abdomen per-

forated the intestines three times. This

pellet was recovered. The one which

entered the back is lodged in some of

the muscles and could not be located

by the probes of the doctors, who are

compelled to desist in their efforts be-

cause of the weakness of the patient.

Righetti, who is plumed 32 years

of age, was returning to his home

about 7 o'clock when his assailants

opened fire on him. The first person to

reach his side was George Wiley, who

lives at No. 1383 Allison street, a neighbor.

As he reached the fallen man's side, he

heard him say:

"My God, I am shot. They told me

to throw up my hands. I did so and

just then they shot me. Oh, I can feel

either one of them. It was so dark and

sudden. I noticed one was tall and

seemed young."

When the shooting commenced a

team was being driven along Sunset

boulevard within ten feet of where

the two men were standing behind the

telegraph poles. The driver, who was

startled by the first flash, and says

the other two followed almost simulta-

neously. He saw two dark figures

scud off into the darkness. Others in

the neighborhood also saw the fleeing

forms, but though there were electric

lights at the corners of the block the

darkness was so intense no descrip-

tion could be given by any of the eye

witnesses. It is this boldness of the

assailants that puzzles the detectives

whether it was a hold-up and shoot-

ing or deliberate murder.

Mrs. Righetti, a pretty young woman,

is the only person who has attempted

to identify her husband's assailants,

and late last night she expressed her

belief that Detectives Ingram and Carroll

had captured one of the perpetrators of

the crime, when she was asked to con-

front a suspect who was captured by

them within two blocks of the scene

of the shooting. She says she is posi-

tive he was the taller of the two men

who shot her husband.

Police detectives also believe that in

the suspect they have one of the

would-be slayers. Those who witnessed

the shooting, following the

shooting unit in saying they ran along

Sunset boulevard to an empty lot, cut

across it, and then went up Elysian

street toward the park.

WEARY SUSPECT NABBED.

Thirty minutes after the shooting the

suspect was arrested just off Sunset

boulevard coming down the hill from

the shooting unit. He was wearing a

from running, and on his person had

a revolver, one chamber of which had

been exploded.

His youth, callowness, awkwardness,

height and clothing coincided with the

appearance of one of the two men who

had been seen in the neighborhood just

prior to the shooting. His gray suit

being especially remembered.

At the Police Station, when ques-

tioned by the detectives, the young

man is barely 18 years old, and

extremely countryfied, said his name

was E. B. Nichols, and had come down

from Ontario, Canada, where he said

what he was doing here he was

he said he had been in Los Angeles

for a month ago, knew the city, and

that he had started for the city from

road yards across Elysian Park. He

said he emptied the one cartridge of

his revolver while crossing the park,

but would not say what his target was.

Conviction was also given the de-

fective that they had one of the men

because within an hour after the shoot-

ing he had been arrested.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

The Civil Service Commission is to make a finding this afternoon in favor of Miss Gleason in the celebrated library case and the library board is expected to discipline Miss Blandy and Rev. Dr. C. J. K. Jones, sponsors of the charges.

The Board of Supervisors yesterday adopted a resolution favoring the passage of the bill appropriating \$150,000 for the construction of an armory in Los Angeles.

Judge Hutton, delivered an opinion in the case of William G. Danford, an attorney, guilty of unprofessional conduct and disbarred him from practice.

AT THE CITY HALL.

FINDING FULL OF DISASTER?

DIRECTOR OF STUDY AND RESEARCH NOW IN PERIL.

Civil Service Commission to Make a Decision in Favor of Miss Gleason and Sponsors of Charges Against Her May Have to Face Library Board.

A finding in favor of Miss Gleason, assistant city librarian, and against the Civil Service Commission at its session this afternoon. Miss Gleason was charged by Miss Julia W. Blandy, principal of the branch department, with many malfeasances in violation of the ethics, rules and regulations of the library, and particularly with malicious intent to destroy the work of the branch department. The failure to prove them promises disaster for Miss Blandy and Rev. Dr. C. J. K. Jones.

It is understood that the finding will be unequivocal as to Miss Gleason. It will also be unanimous. The "library" case took months to try, and the decision has been under advisement for four weeks, although there was at no time a belief that Miss Blandy had sustained her charges as to Miss Gleason. Miss Blandy has other charges pending against other employees, and it is likely that they will be dropped. Most of the facts relating to them were brought out in the trial of Miss Gleason under the showing of lack of discipline.

Miss Blandy's charges and her narration of the "situation" and alleged "frivolities" and disorder of the library from her "Journal of Obstructions," were supported by voluminous and irritating "notes" of the Rev. Dr. C. J. K. Jones, director of study and research. The testimony of the two occupied so much of the trial that without it the commission could probably have ended in one sitting. As it was it took nine and some of them were long and warm, too.

A finding in Miss Gleason's favor may not be disastrous to the commission, but it is estimated that the commission is not satisfied that some one under its jurisdiction has been responsible for the condition of discipline at the library, and that, though Miss Blandy's charges have been sustained, the commission has not failed in establishing a general case against library discipline. The commission is likely to advise the library board that the testimony disclosed negligence of management and conditions in the work that would not be tolerated if a stern hand ruled the library. The commission is also likely to approve Miss Blandy's charges and venturing the charges and ventilating the library.

But this may not be all. During the investigation the library board was impotent to administer its own ideas of discipline on Miss Blandy and Rev. Dr. C. J. K. Jones. The board felt that both to be punished. Miss Blandy's petition for a hearing before the library board and taking her charges to the Civil Service Commission. When she was summoned before the board in August she said she would not discuss her charges, as she had already carried them to the Civil Service Commission. Yet she had not fled her charges if she had not an increase in salary asked for.

As for the Rev. Dr. Charles J. Ketcham Jones, director of study and research, he has become impossible, according to intimations from the library directors' room. It is related that when the library board meets, as it will this afternoon, it will remain in session long enough to learn of the Civil Service Commission's action and then follow its own bent.

This may mean the abolition of the position of director of study and research, and, perhaps, that of the principal of branches, also. But of these possibilities the board will not talk, though they have been thoroughly discussed. At any rate, all will agree that the library can get along without a director of study and research, as long as Miss Anna Beckley, head of the reference department, is there to do the work.

SLAP TO JAPAN.

CANT MOVE POOLROOM. California slapped Japan in the face yesterday when the Los Angeles Police Commission refused to permit G. Hirayama to move his poolroom from a place on West Seventh street to No. 6015, West sixth street. Commissioner Woodliff wondered if the President ought to be advised before action was taken, but the other members said, "Who's afraid?" and administered the slap.

As a matter of fact the number of applications from Japanese for poolroom permits has increased so much lately that the commission ruled that it probably would not grant any more. Nearly every second two or three are asked and the police chief thinks danger lurks in their innocent appearances.

The commission backed up the Mayor in his request that the police chief be authorized to censor "canned theatricals" as moving pictures known as termed, and went a step farther. The commission believes it should have jurisdiction over all places of amusement and directed that the Council be asked to confer that jurisdiction.

An auctioneer's permit was withheld from M. B. Minton, a rug agent, because merchants protested that he came here annually in tourist season and stayed only a few days. The resignation of Patrolman O. W. Bortoff was accepted.

High Name for Alley.

"Angelus Court" is the name proposed by the signers of a petition to the City Council as the proper designation of the alley west of the Angelus Hotel, running from Fourth and Fifth streets. The petitioners say a name is needed for convenience in deliveries.

ing the cost against them. The new law will be of particular advantage for the acquisition of many large and small areas in and along the Arroyo Seco for neighborhood parks, the cost of which will be charged to the district, but the maintenance of which will be at the cost of the city. The law is intended to make these acquisitions possible because there seems to be little hope that the Council will ever provide the money out of the city's tax income, large though it is.

AT THE COURTHOUSE.

BOOSTING FOR LOCAL ARMY.

SUPERVISORS SEND RESOLUTION TO LEGISLATURE.

Los Angeles Delegation Urged to Support Bill for Appropriation. Several Seeking Bench in Township Court Caused by Death of Justice Selph.

The Board of Supervisors yesterday boosted the project to erect a suitable armory for the National Guard in Los Angeles, by adopting unanimously a resolution, offered by Supervisor Edridge, to the effect that as the National Guard of California in Los Angeles is in great need of a suitable building to be used for any purpose, and a bill has been introduced in the State Legislature for an appropriation of \$150,000 to erect a building for their use; therefore, it is resolved, that the Board of Supervisors urge the passage of the bill referred to at this session of the Legislature.

A certified copy of the resolution was prepared by County Clerk Keyes and will be sent to the Los Angeles delegation in the Legislature. The Board of Supervisors took no action on filing the vacancy caused by the death of Justice Selph. A resolution was adopted sympathizing with the widow and her two sons in their great bereavement, for which Mrs. Selph received her thanks. The following candidates have weighed in for the place: George M. Holton, Samuel D. Well, F. G. Hentig, Robert A. Odell, Harlan E. Higgins, Leander O. Hatch, Johnstone Jones and Will I. Trager. Henry H. Rorer is also a candidate. It is understood no action will be taken in the matter before next Monday.

A communication was received from J. L. Francke and 100 other taxpayers, protesting against the action of the Southern Pacific and Pacific Electric railway companies, erecting a fence from Bassett to Vineland, keeping the residents in that section from the usual route of travel between Baldwin Park and Walnut Creek.

Game Warden W. B. Morgan was allowed \$250 bill English newspaper. A communication was received from Auditor Dow showing the expenditures on account of the Highway Commission to amount to \$24,321.91, which has been paid out of the general revenue fund. It is proposed to transfer to the Highway Commission the sum of \$5000 from the general revenue to the forest preservation fund.

CANNOT PRACTICE.

ATTORNEY DANFORD DISBARRED. Judge Hutton yesterday handed down his opinion in the case of William G. Danford, attorney, of unprofessional conduct, brought by the Los Angeles Bar Association. The attorney is disbarred from practicing in the courts of the State of California.

The accused said last night that he would at once appeal the case to the Appellate Court, and in order that early action may be taken Attorney John North and Henry J. Stevens, who represented the complainants in the action, will at once prepare and file in order that an appeal may be perfected. In his opinion, after quoting the statute of California on the subject, the authority of the court to strike the name of an attorney from the roll for official misconduct was sustained. The accused in this case (Mrs. C. A. Smith) is an old woman, apparently infirm in both body and mind, but in spite of her testimony, is the bold, grim fact that the accused received from her \$10,000, with which she was not entitled to be so grossly disproportionate to any possible benefit to her service as to render his conduct inexcusable and indicating professional moral depravity.

The accused says that the nature of his employment was twofold: To defend the accused against the charge of sending obscene matter through the United States mail, then pending in the United States District Court for the Southern District of California, but as he was not then, and is not now, and never has been entitled to practice in that court, he would have characterized any part of that sum. But if he had been entitled to practice there, then he does not pretend that he could have rendered service on account of that case that would be proportionate to the amount involved. He makes his second claim "the major portion" of this \$10,000 upon the following facts:

Then is rehearsed the statements made in Danford's affidavit in relation to the part he was to play in shutting the mouths of certain persons who threatened to prosecute Mrs. Smith for alleged criminal operation upon an unmarried woman. In summing up the case, Judge Hutton says: "His conduct, in my opinion, is a disgrace to the full English bar, a stain in the portfolio of every right-minded lawyer, and such as to show such a moral depravity as to wholly and utterly unfit him to continue to practice as an attorney."

It is, therefore, ordered that the name of the said attorney William G. Danford, be stricken from the roll of attorneys and counselors of the courts and that he be excluded from practicing as such attorney and counselor in any of the courts thereof.

Mr. Danford's last evening comment on the decision by Judge Hutton, dictated the following criticism: "The evidence adduced in testimony does not support the opinion of Judge Hutton and the judgment is against all of the evidence, even the record."

The best days of "Uncle Remus" were recalled in the testimony of the principals, and the left hind foot of the rabbit with its power to charm was in evidence.

WAS A "HOODOO."

VOODOOISM IS RECALLED. Judge Houser spent all of yesterday hearing the divorce case brought by Hattie Fannell against Charles Fannell, colored, who live on a ranch near Bell Station. The best days of "Uncle Remus" were recalled in the testimony of the principals, and the left hind foot of the rabbit with its power to charm was in evidence.

on that account he had all sorts of bad luck. The court tried to get out of the witness what she knew about "conjuring" and "hoodoo," but had to abandon the contract.

"Did you show your spunk?" asked the court when the woman related one of the many fights she had had with her husband. "You bet I had my spunk. I had to have, with an old man yelling like a Comanche Indian, and blaming me with giving him a spell, and making him sick."

The plaintiff was denied a decree. The parties have been married more than twenty years. The defendant is janitor at the Farmers and Merchants National Bank.

RELEASED ON BOND.

Mrs. Fay Lowmeyer, the alleged swindler, was released from jail last night on \$2000 bond, furnished by her mother, Mrs. Nancy Jones, and her brother-in-law, J. S. Reed, of Boyle Heights.

In this connection the District Attorney's office has been made the victim of a joke. Mrs. Jones was brought from San Luis Obispo on the passenger of the State to give evidence in the case against the woman. She did not reach the city in time to testify last week, and now puts in her time hustling to get her daughter out of jail.

Mrs. Jones herself was sufficiently responsible in a financial way, but other surety was necessary, and Reed, who is a property owner on Boyle Heights, was induced to put his name to the bond. The case will be resumed before Justice Stephens on the 24th inst.

THORPE DIVORCE.

DIVORCE BY PROPERTY. Judge Monroe held a session of his court last evening, to determine upon an equitable division of the property of Dr. Arthur C. Thorpe, under the recent ruling of the court in the divorce action brought by the latter against his wife, Annie C. Thorpe. Dr. Thorpe submitted a list of his holdings on the date of the separation, February 6, and also what he owned at the time of his coming to Los Angeles, but there was so much difference of opinion in regard to the appraisal that nothing was accomplished.

Judge Monroe said he would appoint an appraiser to determine the value of the comparative property of the parties. Dr. Thorpe at this time consists of stocks in various mining and oil enterprises, stock in the Santa Monica and California Hospitals, the Pacific Gun Club, with investments in real estate in various parts of the city. His indebtedness is about \$11,000.

COURTHOUSE NOTES.

BREVIERS MISCELLANEOUS. DAMAGES AWARDED. A jury in Judge Conroy's court last night turned a verdict for \$2250 in favor of the plaintiff in the case of C. R. Dimock against the Pacific Electric Railway Company, for damages received on Pasadena avenue, June 24, 1928, as a result of a collision. Dimock's claim was for \$12,200.

DAMAGED LAND. R. E. Taylor has entered suit against the Southern Pacific Company, the Southern Pacific Railway Company and George H. Reber, for damages to land owned by the plaintiff in El Monte. The plaintiff asserts that the company's action in erecting a fence across the land has caused the water to overflow. The damages are fixed at \$10,000.

TOO MUCH SOOT. Florence Guthridge and C. F. Guthridge have brought an action against the Superior Refining Company and the Union Consolidated Refining Company, asking \$2000 damages for loss of property by the burning of crude petroleum in the furnaces of the defendants. It is alleged that the defendants damaged the home of the plaintiffs on the Knob Hill tract.

WRIT DENIED. Judge Wilbur yesterday denied the writ of habeas corpus brought in behalf of J. B. Clavier of Pasadena, who was found guilty of violating the county liquor laws. Justice Klamhoth sentenced Clavier to pay a fine of \$100 and spend six days in jail for the offense. The writ was denied, and the argument was made that his release from confinement should follow the settlement of the case. This was denied, and the writ will be compelled to complete his term of imprisonment.

BUSHNELL TRIAL. The hearing of the charge of embezzlement against James P. Bushnell was fixed for Justice Klamhoth's court yesterday, but on account of the absence of witnesses the matter was postponed until March 1. Bushnell was arrested for the E. K. Wood Lumber Company and it is claimed he embezzled large amounts of money during the period of employment.

GARWOOD HEARING. Thomas J. Garwood, one of the accused in the P. G. Garwood robbery case, for which Charles Garvin and James Pfeiffer are serving long terms in prison, was in Judge Wilbur's court yesterday to have his trial set. He was agreed that it should be called March 1. The hearing was postponed because the case and Attorney Miller, of the firm of Miller & Bowen, has been substituted as Garwood's attorney.

CASE POSTPONED. The hearing of the case against W. A. Rennie, charged in Justice Pfeiffer's court yesterday with the embezzlement from Arthur H. Lacey, in the building of a house in October, 1928, was postponed yesterday until March 1.

CITY SUE. Charles H. Resler has brought suit against the Grand View tract, asking for \$2000 damages on account of an excavation in front of a lot he owns in the Grand View tract.

WANTS SUPPORT. Ida H. Hansen has filed suit against the City of Los Angeles, asking for an allowance of \$35 a month for the support and maintenance of herself and two minor children.

TALE OF A SUIT. S. H. Fisher has filed suit against the City of Los Angeles, asking for a rescinding of a contract for a suit of clothes, entered into with the Lewis N. Merritt Company of Pasadena. Fisher claims he agreed to pay \$25 for a suit of clothes, and says that the firm failed to deliver the suit for which he contracted. He wants judgment for the money.

PROTESTS AGAINST DECISION OF
BANKRUPTCY.

Asserts Through Attorney That He
Has Property Worth a Fortune and
Will Settle All Debts if Given Time
Enough — But Three Impatient
Creditors Press Case.

Dr. Orlof N. Orlov and his attorney, T. Craig, appeared before Judge Wellborn in the United States District Court yesterday to protest against the decision of Referee Helm, which found Orlov to be bankrupt. The court declined to pass on the issues of bankruptcy, and continued the case for two weeks.

It is contended by Attorney Craig that his client has property worth more than \$20,000. "Of course, his rare antique and curios would not bring as much as \$200," said the attorney, "but if given a reasonable time, Dr. Orlov can pay his liabilities in full. The principal question before the court was whether Dr. Orlov had produced books and papers to show his financial condition, and the referee has decided that he has not. The court warned him to refrain from any interruptions."

The hearing of the case before the court was whether Dr. Orlov had produced books and papers to show his financial condition, and the referee has decided that he has not. The court warned him to refrain from any interruptions. The case was continued for two weeks.

FRIEND OF ROBBERS. Supposed Confederate of Desperate Hold-up Men Sent to Workhouse for Six Months.

J. F. Austin, thought to be a confederate of the desperate Garwood gang, was sentenced to 180 days in the workhouse after trial before Justice Rorer yesterday on a vagrancy charge. Austin, according to the statements of the police, was a friend of the gang, and personally acquainted with the members, although he is not thought to have taken part in any of the robberies.

NO BEARING ON MAIN SUIT. In the suit of the Equitable Investment Company against the Ferris Irrigation District and Amelia S. Quinton, intervenor, a decision was handed down yesterday by Judge Wellborn in the United States District Court, allowing a motion to strike out Intervenor's special plea. This addition is understood to have no bearing on the main suit, which has not been heard on its merits.

STREET-SPEAKING CASE. The habeas corpus case of May Thomas, of the Salvation Army, came up in the Second District Court of Appeals yesterday morning. She asked to have the court to declare her arrest for speaking on the streets illegal, because of the alleged unconstitutionality of the city ordinance on the subject. The court ordered the case submitted on briefs.

DAVIS AT THE BAR. Webster Davis, formerly Assistant Secretary of the Interior, was admitted to the bar of this State yesterday upon motion. Edwin D. Kennedy and Isaac R. Rubin were also granted license to practice law by the Second District Court of Appeals.

IN COURT AGAIN.
SECOND JURY
HEARING NASH.

TALESMAAN SAYS HE WAS ONCE
STOCK VICTIM.

Company Had No Properties and
Has Passed Out of Existence, But
Defense Accepted Him—State Is
Said to Have Some Witnesses to
Call This Time.

The second trial of F. W. Nash, charged with publishing and sending out a false report of the condition of the Gold Bullfinch Mining Company, of which he was treasurer, was begun in Department One yesterday, and the entire morning was consumed in selecting a jury.

The State was represented by Deputy District Attorney F. W. Blair, assisted by William Andrews for the complainant, and the defendant's attorney, Nye of counsel in the first trial has withdrawn from the case.

Bowen and Miller, representing the defendant, are making a hard fight, and freely used their right of preemptory challenge, excusing several talesmen, who stated they were mining men. O. H. Rutel, a resident of Pomona, one of the jury men called, answering a question of Mr. Bowen, stated he at one time owned stock in a mining company which he characterized "a dead one."

TRAIL TO OBSERVATORY. Arguments were made in the United States Circuit Court yesterday in the case of the Carnegie Institution against P. J. McNally and others, to prevent the latter from blocking the trail that leads up Mt. Wilson to the observatory.

The court under advisement the question of jurisdiction. If it is determined that the case cannot properly arise in the Federal court, the bill will be dismissed.

"I see you are a domestic servant," said Mr. Sherry. "I thought you were a woman who had been in the army."

The woman shrieked and moaned. "How did you know?" she whispered.

"I saw Mr. Sherry," said the woman, "that you wear a great many valuable jewels, such as no mere society woman would wear, and that you have hours of leisure. My experience teaches me that society women are compelled to wear jewels in order to keep their children while the domestics go forth."

Little by little, in this tactful manner, Mr. Sherry drew forth the woman's story.

It seems that she is the second girl in the family of the president of a ladies' club.

"As you know," she said brokenly, "the ladies' club is now engaged in a great deal toward managing the recoil campaign."

"The recoil campaign?" asked Mr. Sherry.

"Yes," she said. "In sorting over the effects of my mistress to see if there was anything I wanted to wear."

She suddenly bent her head and began to sob. Presently she became calmer and confessed that she had found among her mistress' effects a letter.

"Promise," she pleaded, "that you will not read it until I have gone from this house five minutes."

As she was about to leave, the woman turned at the door. "I depend upon your honor as a gentleman," she said, "not to follow me or endeavor to find out who I am. I have done what I have done for humanity's sake. When I have gone read the letter. I know you are a good detective. I pray that you will."

He began life on a farm in Kentucky, left home at fourteen, wandered about the country until twenty-two, and finally acquired a fortune in two years from the sale of medicine the formula for which he claims to have discovered. He is a German chemist in St. Louis for a small loan.

Dr. Cooper believes the stomachs of civilized nations are slowly degenerating in centers of population. He claims that sixty per cent. of all Americans are in poor health, owing to weakened digestive organs. He claims there would be a serious epidemic if it were not for the chronic stomach trouble of the present generation.

With his medicine to back him up he has become a campaigner for the "city to city" as he calls it. "Seducing the stomachs," as he calls it. From the time he was a boy he has been a devotee of the "city to city" and his theories are now widely accepted in the Eastern and Middle Western States.

Dr. Cooper's first visit to the city will be his last. He spent the next month expending his theories in the cities of the United States, Chicago and San Francisco. (Adv.)

High Iowa Volunteer Infantry, served to the close of the struggle with the rebels. He was prominent in the battles of Grant's eastern campaign that it was merged into the Thirty-fourth. After the Grant campaign, he served prominently in his old company, and decorated himself in many of the great deciding battles of the war, including Shiloh and Vicksburg. At the close of the war he engaged in banking in Northwest Iowa, where he died in 1894. Calling him to the ultimate price of four years of military service, compelled him to retire from the service in 1894, and to a final crime. He came to Monrovia in 1894, and in a few years appeared to recover from the effects of the attack. He became, however, the victim of a chronic internal disease which rendered him semi-invalid for the past decade.
